

FCC Middle School

Sponsor Heritier

Birthday: June 29, 2005 (Age 10)

Country: Democratic Republic of Congo

Heritier lives with his grandmother and 1 sister. His grandmother is a housewife and struggles to provide for the family. Despite her efforts, it is difficult to meet the family's needs. Heritier is growing up in a poor area in the Democratic Republic of the Congo. The HIV and AIDS crisis has severely damaged the social fabric of entire communities, leaving many children without parents. Many families live in small mud and brick homes with tin or thatched roofs. A typical diet consists of maize, peanuts, cassava, beans, sweet potatoes, and citrus fruits. The country is rich in mineral resources. Heritier is in primary school and he enjoys reciting poems and stories. He helps at home by running errands. He likes to play soccer. He is in satisfactory health.

Our Middle School sponsorship commitment through World Vision (worldvision.org) will help provide Heritier and his community with feeding programs to help malnourished children, along with access to clean water, immunizations, vitamins, and deworming. Our support will also supply school classrooms and sanitary toilet systems. Farmers will be able to provide for their families through improved agricultural methods. And through our partnership with local churches, children will learn about the surpassing love of Jesus Christ.
